

PROJECT MANAGEMENT PROFESSIONAL (PMP®)

NATIONALLY RECOGNISED & INTERNATIONALLY ACCREDITED

OVERVIEW

The **Project Management Professional** certification is a globally reputed and recognized certification in the field of Project Management, and it is provided to project management professionals, who clear the PMP certification examination. The PMP certification is issued by the Project Management Institute (PMI), which is the world's leading association of Project Management Professionals.

WHAT YOU WILL ACHIEVE

Upon the completion of this course, you will be able to:

- Understand what needs to be considered when planning a project and the various phases of the system development life cycle.
- Have a good understanding of the project management methodology and be more familiar with project management tools such as Gantt and PERT charts.
- Gain knowledge of different types of documentation such as program, system, technical, paper-based, electronic, and specialist user documentation that help to show how a project has been set up.

METHODOLOGY

Well-balanced theoretical and practical methodology, which includes interactive discussions, case studies, interactive activities/exercises and assignments to understand the concepts and their applicability
